

POST CONFERENCE EVENT

Guided Tour to Tai Kwun (Central Police Station)

Tai Kwun will bring a wide range of heritage, contemporary art and leisure programmes to the meticulously restored Central Police Station compound which comprises of three declared monuments, the former Central Police Station, the Central Magistracy and the Victoria Prison.

The revitalisation project involved dedicated efforts from global teams of conservation specialists, researchers, architects and other professionals such as, Herzog & de Meuron, Purcell and Rocco Design. With a deep respect for authenticity in materials, techniques and design, 16 heritage buildings and two open spaces are being restored for adaptive reuse.

Tai Kwun will offer an immersive experience – a place where people can join a heritage tour, engage with contemporary art, participate in workshops, and where the shops and restaurants will offer additional programmes to further enliven the site. The Facilities Management Team of Tai Kwun and its service partner, CBRE, are now working closely together to prepare for the future operations at this revitalised site.

What was once a closed-off part of Hong Kong will become an open and inviting new space for all to enjoy.
