

Technical Visit to Tuen Mun –Chek Lap Kok Northern Section Bored Tunnels

18 June 2016 (Saturday)

The Energy Institute Hong Kong and the Hong Kong Association of Energy Engineers are jointly organizing a technical visit to see the ongoing **Dragages-Bouygues JV Bored Tunnels** in Tuen Mun on Saturday, 18 June 2016. This visit will allow participants to learn about Hong Kong's deepest, longest and largest sub-sea road tunnel project. It will include a visit to the operating tunnel boring machine and the opportunity to learn about the challenges faced on this prestigious project. Participants will also learn about the sustainability measures which have been developed for the project as well as the initiatives developed to relocate the electrical and mechanical works under the road to optimize the spatial requirements and reduce the works involved.

EI members and HKAEE members and their guests are cordially invited to join the visit with details as below.

Date: 18 June 2016 (Saturday) **Time:** 0800 to 1215
