

Technical Seminar: “Energy Efficiency and Conservation @ Hong Kong”

Organized by EVD, Gas & Energy Division and Hong Kong Association of Energy Engineers (HKAEE)

Date, Time and Venue

28 February 2018 (Wednesday): 6:30-8:00 pm; HKIE-Sophie Chan Yat Mei Seminar Room

Programme Highlight

For 24 years (since 1994), the Energy Efficiency Office (EEO) of the Electrical and Mechanical Services Department (EMSD) has been spending great effort in promoting energy efficiency and conservation in Hong Kong. Having pioneered numerous energy efficiency and conservation practices, the EEO will give an overview of Hong Kong’s three-pronged strategy, namely, lead, pull and push to save energy. In addition, EMSD will present the largest chiller replacement project with high energy efficiency chillers for Hospital Authority (HA) in Hong Kong. This session will give an overview of measurement and verification of energy saving projects.

Language

The presentation and powerpoint in Chinese/English

Speaker

Ir George Hon Wa LIU - Senior Engineer of the EEO of the EMSD.

Ir Victor Tat Tong WONG, - Engineer of the EMSD responsible for refurbishment projects of public hospitals.

Registration & Enquiries

The seminar is free of charge with maximum participants of 80. For registration, please enroll online in EV Division website (<http://ev.hkie.org.hk/>). Successful applicants will be notified before the event. For enquiries, please contact Mr. Benjamin Lam 91522316. Attendance certificate will be awarded after seminar.
