The 6th ICUMAS 2018 cum China International City Pipeline Exhibition

Introduction

The 6th ICUMAS 2018 and The 5th CICP EXPO will be held at The Canton Fair Complex in Guangzhou, P.R. CHINA. The exhibition and conference aim to strengthen urban utility planning, construction and management; make rational use of urban space resources and ensure public safety; maximize the distribution of comprehensive pipeline, types of pipelines, cross-section forms, plane position and vertical control; promote underground utility integrated management development, technological innovation and international cooperation. The scale of the exhibition will be up to 20,000 square meters, the number of exhibitors will be more than 400, professional visitors will be more than 30,000.

This has been successfully held for four times. It has received the attention and support from the government & management departments and highly recognitions from relevant corporations in the industry during the exhibition. Therefore, the 2018 5th CICP EXPO and The 6th ICUMAS 2018 will be a high quality and leap forward exhibition, both in terms of exhibition scale and social attention. By then, the government's national pipeline management department, planning management unit, municipal engineering procurement department, engineering institute, design institute, universities, industry distributors, agents, traders, urban construction archives, surveying and mapping, water supply, drainage, gas, thermal, petrochemical, power, communications and other industries professionals will gather in Guangzhou, China with unlimited opportunities. The exhibition will provide professionals with a better channel exchange platform. It will become a unique industry benchmark event.

The 6th ICUMAS 2018 cum China International City Pipeline Exhibition

Host (主辦單位):

Underground pipeline committee of CACP *China International Center for Economic and Technical Exchanges* (中國國際經濟技術交流中心)
(中國城市規劃協會地下管綫專業委員會)

Co-organizer (協辦單位):

International Institute of Utility Specialists *Hong Kong Institute of Utility Specialists*
(IIUS) (HKIUS)
(國際管綫專業學會) (香港管綫專業學會)

CICP Exhibition Scope

1. City Utility Usage (城市管網用管):

Oil, Chemical Industry, Water Supply, Gas, Power & Communication, Thermal Pipeline, Various Pipe Materials and Pipe production facility & equipment.

2. Integrated Pipeline (綜合管廊):

Pipeline Engineering, Design & Construction, Warning & Monitoring of pipeline, lighting & Concrete Products.

3. Sponge City (海綿城市):

Water Treatment Facility, Environmental Energy Saving Facility, Water Supply System & Facility, Sewage Treatment, Water Quality Monitoring, Smart Water Services and Green Construction.

4. Underground Pipeline Technology and Products (地下管綫技術及產品):

Pipeline Inspection, Condition Assessment, Surveying & Mapping Technology and Equipment; Smart City (Smart Power Grid, Smart Gas Supply, Smart Water Services).

5. Non-Excavation Construction (非開挖施工):

Horizontal Directional Drilling, Microtunneling Construction, Construction of Impact Spears and Rammer Hammers, Well Drilling Equipment, Road Digging Equipment, Etc.

6. Municipal planning, design, engineering, scientific research (市政規劃、設計、工程、科研單位):

Urban Underground Pipeline, Pipeline Engineering Design, Planning and Construction, Project Management, Safety Facilities, and Engineering Consulting.
