

**Training Course on
“Implementation of “Task Force on Climate-related Financial Disclosure”
(TCFD) recommendation”**

International investors and financial rating agencies increasingly have recognized the wide array of risk and opportunities that climate change poses to companies, therefore they are incorporating climate and environmental considerations into their decision making for investment. TCFD recommendations were so developed to address this requirement.

Green Council would like to invite professionals who are of environmental, engineering and building management background to join us live in an exclusive interactive online training which will focus on the introduction of the TCFD recommendations and address how to access and report climate-related risks into mainstream report.

Details

Training Content:

- Background on demand for disclosure of information concerning climate change.
- Disclosure requirements or recommendations in accordance with Task Force on Climate-related Financial Disclosures (TCFD) & Hong Kong Exchange
- How to incorporate climate-related issues into corporate governance, planning and mainstream reporting?
- How to assess the risk and opportunities from physical climate change?
- Case-study and disclosure examples

Date and Time: 14:00-17:00 on Tuesday, 23rd November 2021

Certificate

Certificate of Attendance will be issued to participants who attended the training workshop and completed a feedback survey

Instructor

CDP is a global non-profit that runs the world’s environmental disclosure system for companies and sub-national governments. Fully TCFD aligned, CDP scores are widely used to drive investment and procurement decisions towards a zero carbon, sustainable and resilient economy.

Mr. Fredrik Andersen, Corporations & Supply Chain Lead, CDP

Fredrik focuses on corporate engagement in Southeast Asia, Australia and New Zealand. Having been with the organization since 2016, Fredrik works closely with companies to facilitate and support environmental disclosure to investors and customers.

Ms Elim Kwok, Senior Project Officer, CDP

Elim is part of the corporate engagement team at CDP in Hong Kong. Elim supports corporations throughout their sustainability journeys by advising companies on environmental reporting and by implementing CDP’s global supply chain management programme in Hong Kong and Southeast Asia. Elim holds a MSc in Environmental Management from University of Hong Kong.

Ms Elizabeth Lo, Project officer, CDP

Currently based in CDP’s Hong Kong office, Elizabeth engages with high-impact listed companies in the Hong Kong & Southeast Asia region to drive corporate action on climate, water and forests-related disclosures. Prior to joining CDP, Elizabeth worked as an analyst in Ecovadis, a sustainability rating company headquartered in Paris. She holds a MSc in Sustainability and Business from the University of Leeds, and BA Business Management from the University of Sheffield.
